

# Police Auxiliary Forces Wreck An Irish Town

DUBLIN, Sept. 21.—Auxiliary police forces last night wrecked the town of Balbriggan, near here, in retaliation for the shooting of two police officers, there earlier in the evening, when District Inspector Burke was killed and his brother,

Sergeant Burke, was seriously wounded. Many houses were set on fire and the largest hosiery factory in Ireland belonging to an English firm, was destroyed.

This morning the town was in

terror, and streams of refugees in all sorts of vehicles were abandoning the place for neighboring villages.

It is reported that the two civilians who were killed, a dairyman and a barber, were dragged

from their houses, bayoneted and then shot.

A number of houses, belonging to prominent Sinn Feiners were set on fire, and all together 26 residents are reported to have been burned to the ground. The stocking

of the town was carried out by some fifty auxiliary police, known as "Black and Tans." Today these police were reported to be declaring they would return tonight to complete the destruction of the town.

The Burke brothers, were shot last evening as they were leaving a restaurant. They had motored over from Dublin in plain clothes with other members of the police force. Some dispute arose in the restaurant and as they emerged

fire shots were fired at them from the crowd.

The news quickly traveled to the neighboring village of Germanstown, where the "Black and Tans," who are English recruits for the Irish police force, are stationed.

They immediately started in motor lorries for Balbriggan. The shooting, burning and looting began immediately upon their arrival.

Among the homes destroyed was a whole row of thatched cottages in the workingmen's district.

## Ford Establishes Pre-War Prices

DETROIT, MICH., September 21.—Establishment of pre-war prices on all products of the Ford Motor Company, effective immediately, was announced today by Henry Ford, the price reductions range from approximately 14 percent on motor trucks to 31 percent on small automobiles.

In announcing the decision of the company, Mr. Ford, in a formal statement said:

"For the best interests of all, it is

time that a real practical effort was made to bring the business of the country and the life of the country down to normal. Inflated prices always retard progress."

The announcement said the price reductions were made despite unfilled orders for 140,000 vehicles.

There will be no reduction in wages at any of the Ford plants, it was announced.

"Now is a time to call a halt on war methods, war prices, war profiteering and war greed. It may be necessary for everybody to stand a little sacrifice, but it will be most profitable after all, because the sooner we get business of the country back to its pre-war condition, progress, prosperity and contentment will occupy the attention of the people."

"The negroes were wanted for the

murder of a white man in a street corner argument."

He is Father Thomas Burke, pastor of St. Gabriel's church in the stockyards neighborhood. When Father Burke reached the church a mob estimated to number nearly 5,000, was parked about the doors and hundreds more had already entered in the search of the negroes. Forcing his way in the priest shouted:

"What is this sacrilege? Who are the rowdies that storm the house of God?"

Some one exclaimed: "That makes no difference."

The priest cried: "This place is sanctuary. I order every person in this building to leave immediately, and quietly."

The crowd broke and fled out. The last man had left when a police riot squad arrived.

Taking the police inside, Father Burke called to the hidden negroes to come out. There was a stir and one of the men stepped out from a confessional. A pile of caskets in a room yielded a second, and the third appeared from behind the altar rail. One knelt and kissed the priest's hand as police spirited them out a side entrance. With the negroes safely away, Father Burke, sulking, went out to address the mob.

"Home, be peaceful and happy. There's too much trouble in the world right now. Don't start more," was his advice. The mob left.

The first battalion of police reserves, including 1,000 patrolmen, two platoons of mounted police, a machine gun company, seven rifle squads and the motorcycle force patrolled the riot zone this morning. The dead lines established last night, when every negro who sought to leave the "black belt" on foot, by street car or other vehicle was halted and turned back, were lifted today.

Elevated trains were run into the packing town stations under police protection this morning and removed the night force from the stock yard of the negroes. Forcing his way in the priest shouted:

Sheriff E. E. Rickey has succeeded in recovering practically all of the score or more of bicycles which Melvin and Delbert Jenkins confessed to have stolen in this city in recent weeks, the sheriff now having 16 wheels in his possession and the police recovered four, making 10 in all so far found, leaving only 3 or 4 still missing.

Eleven of the bikes were found in possession of West End persons who had bought them from the Jenkins brothers while the others were found at Ironton, Ohio Furnace and Lucas-

vile. All persons who have had wheels stolen are requested to communicate with the sheriff, giving a description of their missing vehicle, with a view establishing ownership and that the property may find its way back to its proper owner.

The sheriff is making a determined effort to pile up sufficient evidence against the pair to warrant the return of a grand larceny indictment by the grand jury now in session which has been asked to investigate the cases.

### CHICAGO DOCTOR'S NEW FERTILIZER MAY DOUBLE SOIL'S PRODUCTIVE

Dr. F. M. Wood in his laboratory.

After several years' research, Dr. F. M. Wood of Chicago has succeeded in giving the farmer a new method of doubling production on the same acreage and with the same labor as used by the old method. The doctor is producing a liquid fertilizer from cultures obtained from nodules of leguminous plants. When applied to the soil this fertilizer, which is extremely cheap, produces nitrates. They stay longer for the plant, which greatly increases production.

### Says Gompers' Efforts To Deliver Labor Vote Will Fail

MARION, O., Sept. 21.—J. J. James, of Illinois, national representative of the United Mine Workers for Illinois, has resented a failure because the working men have studied the records of the two candidates and the two parties, and the Republican candidates and programs have made such an appeal that the Democratic propaganda has failed completely.

This will often bring quick relief from the distressing result. Chances are good that the miners are going to support Harding and those who are Democrats will support Gov. President Gompers' effort to deliver the labor vote to the Democratic ticket will fail just as it always has failed. Lucy Tellow, statistician of the United Mine Workers of America is out for Harding and will shortly be on the stump with him, assuring them they "have been thrilled and inspired by their visit with you and Senator Harding."

Ohio is likewise vigorously supporting the Republican ticket.

The Democratic effort to control the labor vote, and particularly the miners, has resulted in a failure because the working men have studied the records of the two candidates and the two parties, and the Republican candidates and programs have made such an appeal that the Democratic propaganda has failed completely.

Like today Senator Harding will address a delegation of the Loyalty Order of the Golden Heart of the World from Columbus.

Mrs. Harding has received a telegram from women members of the California delegation which recently visited Marion, assuring them they "have been thrilled and inspired by their visit with you and Senator Harding."

### STOLEN AUTOS SHIPPED TO FOREIGN COUNTRIES

DETROIT, Mich., September 21.—Persons, one of them a woman, have been arrested here, and are being held by federal authorities under the Dyer act in Detroit, through eastern ports to Scandinavian countries. Six Detroit

The arrested were Almon Basden, 28; Bell Warner, 21; William Halpin, 20; Joseph Gable, 25; Douglas Moore, 25, and Harry King, 19. Three men now serving a sentence in the state penitentiary at Jackson following their arrest several months ago are alleged to have stolen the cars on the streets here during a period of a few months.

The cars, it is said, were sent overland to eastern ports by those now under arrest here, and shipped to Norway, Sweden and Denmark, where they were sold. Most of the cars are said to have been practically new.

The alleged conspiracy is said by federal officials to be the largest found to exist since passage of the Dyer act. Bell Warner is said to be the first woman arrested on a charge of violating the act.

The man or woman who is systematic is practically always certain to be economical also.

If you have dandruff, you must get rid of it quickly. Dandruff is a skin disease that attacks the scalp and irritates the hair follicles. It means that finally dies—new hair grows that are brittle and falling out.

The best way to treat dandruff is to use a special ointment that can be obtained at any drug store.

Take this ointment and wash out the hair with warm water. Then apply the ointment to the scalp.

It is guaranteed to keep away all dandruff, stop falling hair, calm the scalp, and prevent baldness.

It is a safe, non-toxic, non-irritating ointment that is a scientific preparation that supplies hair needs — an anti-dandruff ointment that is an effective treatment for dandruff.

# REGISTRATION DAYS FIXED

Attention, men and women in Portsmouth! Are you in the registration class? If you are and want to vote in the November election, you will have to register on one of the four dates given below. It is imperative that women understand that they must register at these times as well as the men, otherwise you will be ineligible to vote.

Registration days are these: Thursday, September 20; Thursday, October 4; Friday, October 15; and Saturday, October 16. Hours for each day are 8 a.m. to 2 p.m. and 3 p.m. to 5 p.m.

If you are being entitled to vote in the November election and being resident of a registration city know in advance that you will be absent on all four registration days, and more than fifty miles away from your city, you should register any time during September at the office of the clerk of the board of elections.

If you can not appear in person at the office of the board of elections during September, because of continued absence from your city and distant more than fifty miles, you should appear before a Judge, clerk of courts or notary public located anywhere and

make affidavit as to such necessary unavoidable absence on all registration days, and forward such affidavit during September to the clerk of the board of elections in your home city. If such affidavit is received by the clerk by mail after September 30, it shall be transmitted to the registrars in your home place.

If you may be unregistered after the last registration day, October 16, and can show by due diligence that you could not have appeared before the registrars in your home precinct on any of the registration days, you should appear before the board of

elections on Saturday or Monday prior to election day and procure an order from such board of elections, delivering the same to the registrars in your precinct on Monday, the day preceding the election, between the hours of 2:30 p.m. and 5:30 p.m. central standard time.

It is important for all persons in the government or state service, college students, traveling men and all voters, working away from their home in a registration city, to take advantage of these provisions, if they cannot go home to register.

### Gets Pleasant Surprise

"About 6 months ago my father was very sick with his stomach, which had been troubling him for several years. Three doctors said he had cancer and one said it was gall stones—all agreed an operation necessary, but on account of his age I was afraid to risk it. I told a friend about it who said his wife had been through the same trouble and had been cured by taking Maye's Wonderful Remedy. I at once bought a bottle for father and he is now as strong as a bear and can eat more ham and cabbage than any 3 men."

Last night at his first speech in Los Angeles, where he addressed one of the largest audiences of his western trip, the governor, for the first time, discussed the Littlecock reservations to the League of Nations, declaring they are "all sincere efforts."

He charged some "revisionary" newspapers were suppressing the news of his campaign, adding "we used to be preaching the league of nations, but they are not saying anything about it now, but they are saying 'Cox is out.'

"Great many 'revisionary' papers are not printing the news of the campaign," Governor Cox asserted. They decline to have this case tried before the jury. Nineteen of the newspapers in California do not print the news.

"One of the deliberate plans of the 'revisionary oligarchy,'" said Governor Cox, "was to control as many newspapers as possible."

The general charge was supplemented by the governor with particular criticism of newspapers of Pacific northwest states which he visited recently, and of California papers. Some of the former, he said, did not carry his speech of acceptance.

**Interesting Machine.**  
The most interesting perpetual motion machine was the clock built by James Cox, a London jeweler, in the eighteenth century. This was made self-winding by a barometer attachment arranged to actuate a cogwheel in such a manner that whether the mercury rose or fell the wheel always revolved in the same direction and kept the clock weight always wound up. The chief difficulty Cox had to overcome was to prevent overwinding. This he accomplished by a device that caused the engraving to throw itself off gear when the weight was wound nearly to the top.

## Five Things Happen

When you brush teeth in this way

All statements approved by authorities

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Very few people have escaped these film-caused troubles.

Ordinary methods do not end this film. So millions who brush teeth daily find they still discolor and decay.

### A multiple attack

New ways have been found to fight film. Careful tests have proved them. High dental authorities approve them.

They are all combined in a dentifrice called Pepsodent. It meets every modern requirement. And this new tooth paste is fast coming into world-wide use.

### You'll know in a week

Some results of Pepsodent appear rapidly. Within one week the good effects will be amazing to you.

One ingredient is pepsin. One multiplies the starch digestant in the saliva, to digest starch deposits that cling. One multiplies the alkalinity of the saliva to neutralize mouth acids.

Two factors directly attack the films. One of them keeps the teeth so highly polished that film

cannot easily cling. In all these ways it brings and maintains whiter, safer teeth.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how the teeth whiten as the film-coat disappears.

Compare the results with your old methods. Then let those evident results tell you what is best. Cut out the coupon now.

## Wrangel Drives Back Bolsheviks

CONSTANTINOPLE, September 21.—(By the Associated Press)—General Wrangel captured the railway junction of Petropavlovsk, with sections of the line in either direction, as well as the town of Orikhovka.

The Wrangel forces now are menacing Alexandrovsk, on the Dnieper, about 90 miles inland from the Sea of Azov.

The Japanese government has an observer at Sevastopol, General Wrangel's headquarters.

The South Russian cavalry, by a severance at Sebastopol, surprised the Bolsheviks this afternoon.

Five scheduled speeches remained in his program in southern California yesterday and in Los Angeles last night those today were expected to be carried by the league of nations and kindred subjects, as sentiment in favor of the League was said to be strong in southern California.

As in his speeches in San Diego

and Los Angeles, he addressed one of the largest audiences of his western trip, the governor, for the first time, discussed the Littlecock reservations to the League of Nations, declaring they are "all sincere efforts."

He charged some "revisionary" newspapers were suppressing the news of his campaign, adding "we used to be preaching the league of nations, but they are not saying anything about it now, but they are saying 'Cox is out.'

"Great many 'revisionary' papers are not printing the news of the campaign," Governor Cox asserted. They decline to have this case tried before the jury. Nineteen of the newspapers in California do not print the news.

"One of the deliberate plans of the 'revisionary oligarchy,'" said Governor Cox, "was to control as many newspapers as possible."

The general charge was supplemented by the governor with particular criticism of newspapers of Pacific northwest states which he visited recently, and of California papers. Some of the former, he said, did not carry his speech of acceptance.

**WHY DON'T YOU BLAME YOUR EYES?**

After you have eliminated every other cause of your bodily discomfort why don't you at last fasten the blame on your eyes? In a great many cases if people had done that at first, they would have been ahead a great deal in money and time and misery saved. Don't jump to conclusions, but don't on the other hand close your eyes to evidence that is convincing. Maybe we can produce some evidence for you.

# HERE TO ISSUE VICTORY MEDALS

Lieutenant R. P. Overholtz of the U.S. Army, working out of Cincinnati, arrived here today to issue Victory medals to all ex-soldiers of the World War.

He will be here until Saturday evening to issue them. He will issue the medals to all ex-soldiers only, the former Navy and Marine men to receive their medals through other routes. An effort had been made to have the local Post of the American Legion issue the medals but when efforts failed the Army sent a man here to issue the medals.

In applying for the Victory Medal a soldier must present his discharge. The nearest relative of soldiers killed in the war are entitled to this medal but they must bring papers as proof of their relationship. Army nurses must apply for the medals through the Surgeon General's office.

The local Army recruiting office where Lieut. Overholtz will be until Saturday is at 103 Chillicothe street.

## Olympic Athletes Complain Of Treatment

BOSTON, September 21.—Complaints by athletes who represented the United States at the Antwerp Olympia that their treatment, their assignment to competitions and the handling of funds subscribed for the team, were not what they should have been will be investigated by the New England Association of the Amateur.

A resolution appointing a committee of investigation, with orders to report to the forthcoming national meeting of the A. A. U., at New Orleans, declared that the reports of conditions "if true, would indicate that certain of the officials in charge merit the severest censure from this body, and from all lovers of clean sport."

## Maccabees Accept Challenge For Big Membership Drive

The local lodge Knights of Maccabees has accepted a challenge from Ohio Tent, No. 37, of Columbus for a membership campaign. At a well-attended meeting of Portsmouth Tent, No. 44, Monday night the challenge was accepted. Plans were at once discussed for a complete canvas of the city and its suburbs. A division of the members into companies was also suggested.

Should the Portsmouth Tent be successful in the membership campaign they will have the honor of taking the local Degree Team to Columbus and while there will exemplify the ritual.

## MASONIC DANCE TO BE HELD ON FRIDAY NIGHT

All arrangements for an evening of pleasure and enjoyment have been completed by the committee of Masons in charge of the dance to be given Friday night, September 24th, at Edison's Academy. This is the first of a series of dances to be given this year under the auspices of Aurora Lodge, No. 48, F. & A. M. Dances given last year were well attended and proved

such a feature of the Masonic social season that it was decided to continue them this year. All Masons, their wives and sweethearts are invited to attend. Dancing will start at eight-thirty. The Columbia orchestra has been engaged to furnish the music and this alone is one of the big inducements of the evening and will insure a splendid dancing program.

## To Observe Yom Kippur

Beginning at sun down this evening, the local Jewish congregation will celebrate Yom Kippur, the Day of Atonement. Services will be held in the Temple tonight and Wednesday morning. The holiday will close Wednesday evening at sun down.

Large congregations are expected to attend both services.

## MELANCHOLY WOMEN

Women should understand that melancholy, commonly called the "blues", is in plain there out of tune a pure symptom of some organic disturbance which should have attention. For nearly forty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for such conditions, as proved by many testimonies which we are constantly publishing from women who have been restored to health by its use.

## Three Hurt In Auto Crash

CHILlicothe, Sept. 21.—Three persons were painfully, although not seriously injured when E. E. Pearce's big Cadillac car collided with a Ford car driven by Russell Linton, of Kingston, on the River road, near the Pickaway county line about 10 o'clock yesterday, while enroute to Lancaster.

### New Fall Silks

A profusion of gorgeous new silks from the looms of the finest weavers of Silks in the world now graces the Silk Salon.

Here the lover of beautiful fabrics will find shimmering Silks and Satins and lustrous Velvets in every lovely shade fashion sanctions for the coming season, softest of Duvetyns in coveted shades, Satin Meteors and Crepes in seemingly endless variety.

Worthy of particular mention are the brilliant new evening shades in Taffeta, Chiffon and Georgettes of the better qualities. Many of the rare fabrics shown are featured in the model gowns of famous Parisian couturiers.

### Here Is the Answer

Well dressed women are asking eagerly—"What is the correct style of shoes to wear with the new autumn costumes."

### Our Opening Is the Reply

Here are the new boots in the becoming high-arch models, the choice of the smartly dressed woman everywhere for formal wear; the severe, exquisitely modeled low-heeled boot, indispensable for general utility and for the athletic woman at all times; the new pumps and oxfords specially designed for fall and winter; and, of course, the new evening slippers with the spirit of gaiety in every line.

Everything new but nothing eccentric or fantastic.

Priced from \$10 and upward.

### New Fall Neckwear

of nets, georgettes and lace collars in all the correct shapes; vestas of net and lace that are extremely pretty and moderately priced.

Ruffles by the yard for collars and cuffs, net vestings with rows upon rows of val lace for making your own vesties; wide range of prices.

### New Fall Jewelry

Pearl beads in opera lengths, 27 in. and 30 in. long; extra large graduation, of high quality and lustre. These are imported. Numbers at very special prices each, \$3.75 and \$4.25.

Imported French necklaces in a variety of colors and combinations; also jet beads, both fancy and plain, cut in all lengths. Priced from 50c to \$5.

Imitation platinum bar pins set with white and colored brilliants; they are exceptionally good this fall. Priced from \$1.00 to \$4.50.

### French Kid Gloves

We have just received a substantial part of our kid gloves for fall. They are of the well known Centemeri and Triomphe kinds of French kid, the finest skins obtainable for making ladies' dress gloves. They come not only in dressy overseam styles but also in the slightly lovelier and equally stylish French P. K. with heavy embroidered backs. Prices range from \$3.25 to \$4.50.

### Leather Goods

Snagger Bags and Canteen Boxes. They are both pretty and convenient and come in all the popular shades—brown, blue, gray, tan, black and green tooled leather. We have them in all sizes with a special showing at \$3.50.

## Dress Up Week!

# A WEEK Revealing a Magnificent Collection of the Foremost Autumn Creations which Combine French Daring with American Refinement

**T**HE query, what have the couturiers of Paris and the geniuses of this country created for those women of America known as "Discriminating," can be easily answered during this week of Dress-Up of the most favored styles for Fall and Winter wear.

### New Fall Suits

It's hard to say whether the fabrics or the colors claim most of one's attention. Or the lines or the tailoring! Everything about the new suits seems to have a compelling charm.

Rich duvetins, velydunes, marcella cloth, duvet de laine, yatama cloth ... and in shades of faison, suchow, sparrow, nanking, Egyptian red, reindeer, navy. And black, too. Far too beautiful for mere words.

Lines straighter than ever—and coats a good bit longer. Belts very narrow or no belts at all. Collars often high—and often made of fur. Tailoring of the finer sort—most of it done by hand. Prices \$25.00 and up.

### The New Coats

You will look from one to another of these coats and wraps. You will slip into a few—those that seem even lovelier than the rest. Choice will be difficult because everyone will be becoming.

The colors are so soft—the fabrics so velvety and smooth. Chamostyn evora, verdyne, varvelia cloth, vel de cygne, orlanger...these are a few of the new fabrics. Many of the coats are enhanced by shapely collars of rich fur.

Browns will be worn—Bavaria, seal, reindeer. Blues, too—in deep colorful tones. As to lines—dolman, straight wraps, belted models, fitted styles—all are correct. Provided they are developed on such graceful simple lines as are these.

Priced from \$25.00 and up.

### The New Dresses

Street frocks are simple. That is their outstanding feature. But it is a simplicity of line. Trimmings are flat—but important. Beads and embroidery, both in gay tones and effective color combinations. Tricotine is favored.

Dinner gowns have a way of draping themselves with soft satin and softest transparent laces. Black lace seems to lead—sometimes relieved by a dashing touch of brilliant green embroidery—sometimes content to cling gracefully to a slender slip of black shimmering satin. Net is lovely, too—whether plain, dotted or figured. Dress prices from \$18.50 on upward.

Gowns for all occasions are now ready—and really they are far lovelier than ever!

### The Misses Frocks

There's a buoyant quality about the new frocks for Misses that is quite alluring. Bright bits of beading or embroidery make the street frocks interesting. Tricotine is the fabric most used—and navy blue is still first choice in colors.

But there are lovely, clinging crepe satin street frocks, too, that are particularly well adapted for present wear—and for the theatre, too. They show pretty draping, as well as beads. Navy blue, black and browns are featured.

As for Dance Frocks—what airy, fairy bits of thistledown they are! Fluttering lace combined with delicately tinted silks—delightfully young in design and detail. All prices.

### The New Hats

Dame Fashion in caressing mood has made them so. Softest plushes, softest velvets, softest, silkies duvetins, and a new and seductive fabric, superlatively smart, essentially Parisian, with its glittering gayety of tiny metallic discs.

Silky hats and subtle hats to make you look your loveliest. Brims that cast the bit of shade so grateful, so youth-giving. Soft little turbans. Soft little berets. Audacious tricornes. Gay little off the face hats and exquisitely curving chapeaux, with new ways of ostrich to lend them insolent Cavalier grace.

And what's softer than feathers? These very new ways of feathers. Except perhaps, the frailty of cobwebby lace. Except perhaps the autumn wood-tintings that Fashion has chosen for her own. Browns and rusts and coppers and burgundies—richly colorful; dimly beautiful. In a wide selection of prices.

### Choker Fur Scarfs Now the Leading Fad In

#### All Fashion Centers

A complete shipment just received in these popular models and in the wanted furs noted below—bought at early prices—before the recent extreme advances—hence, we offer splendid values.

This particular style of fur is especially meant to "top off" the dress or untriumph suit—giving the garment a high degree of style.

The collection includes:

Kit Fox, Skunk, Opossum, Stone Martin, Natural Squirrel; Opossum, priced at \$20.00, \$25.00, \$27.50, \$45.00.

### The New Autumn Skirts of Wool

Fashion favors separate skirts in novelty plaids—so, of course, you will find these in our ready-to-wear department, in all the leading colors, and shown in the smartest of new styles—including the new accordion and box pleated models.

Novelty pockets and belts are strong features in the styling of these new skirts. Buttons are also used freely in the trimming.

Priced from \$6.00 on upward.

### New Petticoats

The information we have to impart is that we are particularly fortified for fall with regard to medium-priced silk petticoats—a generally scarce article this season.

We placed our orders at the right time and we are not only right as to price, but good stocks of the desirable silks and muslins, at such reasonable prices, from \$3.50 and upward.

We should like you to see the good Taffeta Silk petticoats here, properly made of dependable quality. Fine messaline and silk jerseys at the higher prices mentioned. There is a liberal quota of autumn shades—both plain and changeable colorings.

### Charming Fall Blouses

The latest reflections of autumn made in waists of crepe de chine and georgette.

The pretty georgette blouse to accompany your new suit may be chosen with satisfaction from the assemblage of advance autumn styles which are now on display.

Exquisite shades of bisque, peach, navy, white and flesh. Some have band embroidered vests, others lace, braid or tick trimmed. Many new and different styles. Priced from \$5.00 and upward.

### Tots' Coats and Hats

The tot's department is teeming with the smartest and dearest of charming little garments that fashion could design for tiny maids.

Coats for kindergartners, and the chubby smaller ones, that combine smartness with practicality, assuring the most winsome of appearances.

Made in every tailored style, of fine soft chinchilla, moss-glow and corduroy—in the pretty warm grays, browns, navy and black—trimmed with important looking pockets, coziest of collars—and boyish belts in a wide range of prices.

### The New Sweaters

A beautiful collection of the newest style sweaters has just been received. They are so smart looking, so cozy and warm-like, and in such beautiful colorings and two-tone combinations, we know you will "love" them.

We cannot do them justice by merely describing them. Come in and see them.

There are Slip-on sweaters with the new ripple skirt, in black-and-white.

Another smart model has the very latest soft roll collar, flare sleeves and flare peplum.

Flet Sweaters with or without sleeves in wool or silk fiber in the favored shades for fall. All prices up to \$27.50.

### Chamoisette Gloves

for fall are both serviceable and stylish. A full line of colors to choose from in white, white with black embroidery, brown, grey and chamois; 2 clasp. \$1.25 pair.

**REUNIONS  
MARK DAY  
AT G. A. R.  
MEETING**

INDIANAPOLIS, Sept. 21.—Old friendships were to be renewed, and stories of the day when they battled for the union recounted as the principal activities today of the 192d encampment of the Grand Army of the Republic, which formally opened here yesterday. Eighty regimental and brigade reunions were set for today and tonight the annual camp fire will be held.

The business sessions of the encampment will not be held until Thursday morning.

The various organizations affiliated with the G. A. R. were to open their meetings today. The annual sessions of the National Association of Naval Veterans 1861-65, Sons of Veterans, Ladies of the G. A. R., the Women's Relief Corps, Daughters of Veterans, Sons of Veterans Auxiliary and the Union Ex-prisoners of war, are being held in conjunction with the encampment.

The organization at the business session Thursday will be asked to increase the per capita tax from \$12 to \$15 cents, at which figure it has been for eight years, to ten cents a year. This was stated by members of the national council of administration, that the declining membership made this measure necessary. The membership of 394,000 in 1880 has dwindled to 103,200, Comptroller Hall said.

Among the notables attending the encampment are: Dr. Robert T. Hardegen, of Marion, Ohio, father of Senator Harding, Republican presidential nominee; former Congressman Washington Gardine of Alton, Mich., a former commander in chief; former Governor Joseph W. Pifer, of Illinois, and Lieutenant Governor P. A. Barrows,

"The Old Guard of Ohio." Its members ranging from 75 to 90 years of age, attracted considerable attention; pistol, as with Springfield rifles, shouldered according to the manner of arms of the Sixties, it marched in its headquarters.

The reforms headquarters in  
the city of Milwaukee also was the  
object of much attention.

## TURKS, FRENCH BATTLE

CONSTANTINOPLE, Sept. 20—1920.—(THE ASSOCIATED PRESS)—Turkish Nationalist forces in southern Asia Minor are continuing their fight against French troops of occupation there. Ten thousand Turks and Arabs are besieging Adana, and others are daily shelling Tarsus with old five inch German guns operated by German officers who have been stranded there since the armistice. Frequent attacks are being made on Sennar, an important seaport southwest of Adana, but they have been repulsed by the fire from the guns of a French battleship in the harbor.

Americans in Adana have limited food supplies, but distribute what they have to 2,000 persons daily. They have failed to secure shipments from Mardin. French military officers are dealing diplomatically with the people and are granting amnesty to former residents of Adana who wish to desert the Nationalists and return home.

Hard hand fighting frequently occurs at Adana. The French generals and also the Turks and Arabs continue their assaults under the protection of vineyards and causeways.

The French have succeeded in get-

ting supplies into Tarsus from Mersina and also have cleared the plain between Mardin and the sea. They are preparing for a winter's siege, however, and are distributing food to the Turks, Arabs and Armenians inside the city. The harvest on the plains nearby has been gathered by the French.

It is said the Armenians involved the French in the hostilities by attacking last June, the Arabs and Turks within the city and hunting and maiming some of them. The French hanged 10 Armenians for this act.

Police reserves and agents of the department of Justice also stood ready to answer any call, but customs house officials expressed themselves prepared for any emergency, should one arise.

There was only one policeman on duty in front of the government building. He was assigned to see that no vehicles were parked in front of it.

One effect of the warning was to keep many clerks in lower Manhattan from their daily tasks. Frequent telephone calls reporting "illness" were received in the district. Workers who reported for the day appeared to be between two inclinations—the first to treat the whole matter as a joke and the second to laugh nervously when any mention of the warning was made.

A special session of the legislature began tonight, at which the Empire state lawmakers will specialize on housing problems. That this particular phase of the problem confronting home-seekers in New York and other cities of the state, will be considered, became apparent when L. Theodore Roosevelt, assemblyman, said today:

"It's a d— outrage. I should like to make it a penal offense for any landlord to refuse occupancy of his apartment to persons with children."

The statement was heavily endorsed by Speaker Sweet, and it appeared probable that the next regular session of the legislature may be presented with legislation to correct the situation.

To Clean Copper.

Anyone who has ever tried to clean copper wash boiler after soaps have been allowed to stand in it will be pleased to know that kerosene liberally applied with a cloth will clean it. Use hot water and soap to wash away the kerosene and the boiler will be delightfully clean and smooth. This also applies to the seam which comes when using hard water.

Objected to Her Ward.

Marie, five years of age, had been visiting us for several weeks. On several occasions she would say rather saucy things and in rebuking her I would admonish her not to get "cheesy." She usually was silent after this, but one day she asked me what I meant. Taken by surprise I answered, "Why, I mean, don't eat fresh." As quick as thought she said, "Then why don't you say fresh and will know what you are talking about?"

Limit Reached.

I understand the baker is going to put up the price of bread. "Why doesn't he increase the size of a loaf?" "He can't. If he puts say more gas into it it'll go up like a balloon."

Bright idea.

My little niece, five years old, went to visit a neighbor's little girl, and seeing a cat with a family of little kittens, she went home and said: "Mamma, Mabel's old cat has got a lot of little kittens and I am going to set my cat."

## SAYS SHE HAS GAINED WEIGHT AND STRENGTH TAKING VOLA-TONIC

Was down to 105 pounds but Health is better in every way since she took the new medicine.

"I was down to 105 pounds when I started taking Vola-Tonic, but I began to improve right away and now my health is a great deal better," said Mrs. Hattie Bourne, 814 Hopkins street, Cincinnati.

"For a long time I suffered with nervousness and stomach trouble," Mrs. Bourne continued. "I didn't have any appetite and ate scarcely anything at all. While I did eat didn't agree with me. I belched and bloated after meals. I kept losing weight until I must have lost 20 or 25 pounds altogether."

"My nerves were so out of order that I couldn't sleep at night. I just tossed and rolled about the bed. As a result, I felt tired out all the time."

"Finally I started taking Vola-Tonic and have now taken fully a dozen bottles. It has done wonders for me. The first thing I noticed was that my appetite was increasing. Then, Vola-Tonic helped my stomach so much that I could eat about anything I wanted. I'm able to eat meals now without any belching or bloating and I'm gaining weight as a result."

"Vola-Tonic helped my nerves also. I sleep soundly every night."

"All the weekend, run-down feeling I used to have is gone and instead of that I feel strong and the horseplay is easy."

Nearly everybody who takes Vola-Tonic makes big gains in weight and strength. If you are feeling weak and run down, can't eat, sleep, work or do anything right, get a bottle of Vola-Tonic TODAY and get back strength and good health.

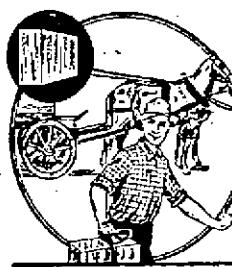

VOLA-TONIC, "Builder of Strength," is sold in Portsmouth by Fisher & Streich and all other good druggists. Be sure you get the genuine VOLA-TONIC.

### Fast-Freight Tires That Ease the Way for Trucks

Just as steel rails lift the load, smooth the road and lighten the pull for the swift locomotive, so General Cord Truck Tires are fast-freight tires that ease the way for trucks. Slow-freight tonnage can crawl on solid tires in limited areas where the road permits. But where time, territory and roughness are conditions of fast-freighting, the truck must carry its truck with it—it must have tires of minimum friction that deliver speed and distance with extra endurance. The General Cord Truck Tire is a tire on the rim—that fits, lightens, smooths and speeds.

With the rapid extension in the use of trucks, the fleet owner is making no mistake in following the reputation that General Cord Truck Tires have made for themselves.

## The Last Corn

When you end your corn with Blue-jay, it will be the last corn you let grow. You will know how to stop the pain. And how to quickly and completely end all corns.

There are millions who use Blue-jay now, and they never let a corn remain.

### The new-day way

Blue-jay is the new-day way, the scientific method.

It was perfected in a laboratory world-famed for its surgical dressings.

It is supplanting the many treatments which are harsh and inefficient.

It has made paring as ridiculous as it is unsafe, for paring doesn't end corns.

Do this tonight:

Apply to a corn a Blue-jay plaster or liquid Blue-jay—whichever you prefer.

Mark how the pain stops! Then wait a little and the corn will loosen and come out.

What that corn does all corns will do. Some 20 million corns a year are ended in this way.

Don't suffer corns. Don't have your feet disfigured. They can be ended almost as easily as a dirt-spot on your face. They are just as inex-usable.

Don't forget this. It means too much to you.

Ask your druggist for Blue-jay.

## Your Manners

### It Is Correct

To serve coffee to the ladies in the living room when they have left the dinner table before the gentlemen.

To serve cigars and cigarettes to the gentlemen at the dinner table after the ladies have left the table.

For the host to see that the gentlemen at the dinner table are supplied with "lights."

To serve a dinner in the following order: fish fish or hors d'oeuvres, soup, fish, roast, game, salad, dessert and coffee.

To supply finger bowls after a course of grapefruit.

### It Is Not Correct

To delay removing the napkin from your service plate to your lap.

For a servant to offer food at the right hand.

To correct a servant in a loud tone in the presence of guests.

To invite guests to partake of a second helping at a formal dinner.

To remove the plates before all the guests have finished eating.

Calling you dear. Some boys and girls use the word so much that they really don't know they are using it. However, if your mother objects to it you might write and tell him to be very careful what he says when he answers your letters. If you don't like what he says seriously, I think it is all right to correspond with him. Don't get mad at your mother—just do a little coaxing and she will let you write again.

## Quail And Doves May Be Placed On Game List Again

### Is Grandest In The World She States

"Just say for me that I think Tanie is the grandest medicine on earth," said Mrs. J. L. Southward, 3308½ Monroe Street, Toledo, in telling the Tanie representative a few days ago of her wonderful restoration to health.

"At the time I began taking this medicine," she continued, "my health was dreadfully run-down, and now I am feeling as well as I ever did in my life, but the most wonderful thing about it is that I have gained twenty-eight pounds."

"My stomach was in such bad condition that after every meal I would be in distress for several hours. Gas would form on my abdomen and accumulate around my heart and I had such terrible smothering spells I would become frightened. I was so nervous I couldn't sleep well at night, and when morning came I felt as tired as I did on retiring the night before.

During the day I was so weak I could not attend to my household duties. I tried all kinds of medicines, but nothing did me any good."

"I began taking Tanie upon the advice of a friend of mine who had been greatly helped by it, and I began to feel the good results after the first day. My appetite picked up, and when I began eating hearty meals I was surprised to find that my food agreed with me perfectly."

"I have only taken two bottles of Tanie, and as I said before, I have gained twenty-eight pounds... I am not too glad to give this statement, so others may be helped like I was."

Tanie is sold in Portsmouth by the Fisher & Stritch Pharmacy and the leading druggists in every town.

COLUMBUS, Sept. 21.—A number of changes in the game laws of the state may be sought by the state bureau of fish and game from the legislature when it convenes in January. The bureau believes that doves and quail should both be placed on the gamebird list—the dove so that Ohio hunters may enjoy the sport as hunters in other states do, and the quail so that the bureau will be legally empowered to care for it and save it from depletion.

**Federal Law Changed.**—Ohio laws prohibiting the shooting of doves were originally enacted to conform to federal laws. Since then federal laws have been changed, but Ohio laws on the subject have not.

Sportsmen in other states, particularly the Southern states, have an opportunity to shoot doves that have fattened in Ohio and the bureau argues that Ohio hunters are entitled to a shooting season.

"Should Ohio be made a game farm to supply game for hunters elsewhere?" the bureau asks. "Should not Ohio folks be entitled to wing shooting when the birds are reared on Ohio farms?"

Under the law which places the quail on the songbird list the bob white is neglected and not protected.

A. C. Baxter, chief of the bureau says,

"Severe winters are causing greater losses in the ranks of the unprotected bird than hunters' guns ever did, he finds.

The bureau may ask that a law be passed putting the quail on the gamebird list with the provision that the season shall remain closed for at least five years.

**Stop Excessive Trapping.**

The bureau may also ask that adjustments be made in the fox law so as to relieve conditions in some parts of the states where foxes are a menace.

Legislation is also needed to prevent the rapid depletion of fur-bearing animals due to excessive trapping. The bureau believes that Ohio hunters are entitled to a return flight season on wild ducks and geese. It will also ask the legislature to make it possible to provide regular salaried fish and game protector for each county in the state.

## KINDERGARTEN SCHOOLS OPENED

Kindergarten classes were opened in six of the city's public schools Monday. Superintendent Frank Appel announced Tuesday.

The schools and teachers are announced as follows: Massie, Miss Julia Haas.

Elizabeth Ricker; Union Street, Miss Henrietta Stahl; Campbell Avenue, Miss Ruth Hopkins; Lincoln, Miss Gertrude Elliott; McKinley, Miss Ruth Hopkins; and Garfield, Miss Julia Haas.

The kindergarten class at the McKinley school is the only one conducted during the afternoon.

Superintendent Appel stated that he thought the attendance would average about 30 pupils to a class, or a total enrollment of 90.

## Transferred To Northeast Ohio Conference

Rev. Daniel Ostott, 1816 Fifth Street, is in receipt of word from Bishop W. F. Anderson, informing him of his transfer to the Northeast Ohio Conference and his appointment to the pastorate at the M. E. church at Willard, formerly Chicago Junction, took charge of that church, remain-

ing there for one year, after which he took up electrical work at the Whittier-Clesner Company's plant. He expects to leave Saturday for his new charge, and Mrs. Ostott will join him the following week to establish their home at Willard.

## Empty Pocketbooks Found

Sergeant Bonzo at the police station found, and it is believed that they are transients, who immediately left town after picking Mr. Cooper's pockets. Mr. Cooper had over \$200,000 in his pocket-books when he was robbed, he was taken out of them.

No trace of the thieves has been seen.

Don't Spoil Your Hair  
By Washing It

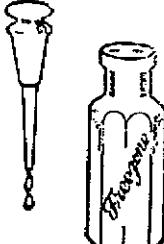

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very irritating, as it dries the scalp and makes the hair brittle.

The best thing to use is McNeil's concentrated shampoo or for this price an ordinary soap. It's very cheap and easily obtained. Use all to pieces. You can get this at any drug store, and a jar of it will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It takes an abundance of suds, creamy lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides it leaves and takes out every particle of dust, dirt and

## POLICE LEARN THAT YEGGS DIVIDED "SWAG" ON TRAIL

Evidence has been found conclusively establishing the fact that yeggs

who early Monday morning cracked the safe of the Pure Oil Company, tenth and Court streets stopped about two and a half miles out on the Scioto Trail and took an inventory of the "swag," discarding all that they thought they could not use.

Chief of Police Distel and Officer Al Hinchlough found a bunch of letters, two checks, and a lip pocket containing soap, which had been cut

out of a pair of trousers lying between the railroad track and the trail on the Wm. Ackerman place, Monday evening about 6:30.

The supposition now is that the yeggs, after looking over the swag and discarding what they did not want, went out on the trail, undoubtedly traveling in a muckhole, and went as far as Chillicothe and probably clear on through to Columbus.

The two checks found were for \$23.92, and \$1.25. The larger check was a pay check from the N. and W. originally made payable to A. F. Yates, who had endorsed it. The smaller check was made payable to the Pure Oil Company and was signed from Reed Rose.

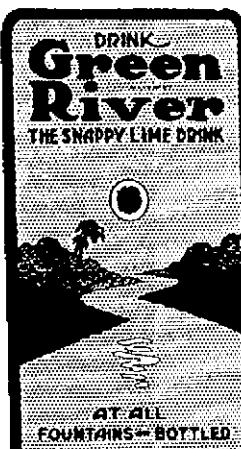

The pocket cut out was about a third full of soap which is believed by some to be Star Soap, and which cor-

responds with the variety used in breaking the safe. The yeggs were not taking any chances of being picked up with the soap in their pockets and took the first opportunity to get rid of it.

Several important papers which were taken from the safe, among which were several leases, mortgages, and deeds, were not to be found around the place where the other papers were discovered, although it was believed that these would be discarded as soon as the robbers saw what they had, and a minute search was made for them.

## Practical Education.

The fact that maple sugar production in the province of Quebec, Canada, is increasing rapidly is due to establishment there of three schools devoted to teaching farmers how to make it.

## HIRAM JOHNSON ENDORSES ATTITUDE OF HARDING ON NATIONS' LEAGUE

SACRAMENTO, CALIF., September 21.—Senator Hiram W. Johnson, of California, in his first speech to be made before the Republican national Hotel, endorsed the attitude of Senator Warren G. Harding, nominee for the presidency, on the League of Nations, here today.

"Mr. Harding happily for himself and for America has scrapped the league," Senator Johnson said. Senator Johnson has been one of the most bitter foes of the league in the United States Senate.

The speech, first of several Senator Johnson is scheduled to make in California in the national campaign, was made to the Republican state convention at its opening session. It began with congratulations "upon the outlook for Republican success," and an attack upon the present Democratic administration.

"So wide is the dissatisfaction with the present administration," he said, "so great the hostility to many acts of the president and to acute the justifiable fear of the metamorphosis of our foreign policy, that apparently nothing can prevent overwhelming Republican success in the November election."

"The indictment brought against Mr. Wilson's government is severe, but warranted by the facts. For the first time in our lives the Democratic administration taught us what repression and suppression were. This administration not only curtailed the constitutional privileges of citizens at home, but endeavored to drive us into permanent paths abroad."

"Free speech has been threatened, not in the interest of patriotism, but for existing power. A free press has been endangered. A rigid censorship diluted the news, and facts to which all were entitled, were forbidden publication while government propaganda colored, and often distorted the information permitted to come to the people. These assaults insensibly bred intolerance, the ancient foe of freedom. The necessary restrictions of war time have been inexcusably prolonged in peace, and our government has strayed far from those fundamental principles upon which, for more than a century and a quarter, the republic has so securely rested."

Senator Johnson then attacked the administration on the League of Nations issue.

"Under the specious guise of a League of Nations to promote peace and prevent war, we were to be inexorably bound hereafter to every future world war," he continued. "Upon

the League of Nations the issue is clean cut. There are some gentlemen who seek by construction of words to obscure it. I do not object to these gentlemen and their newspaper propagandists saving their faces so long as they do not carry their league. But

"On Saturday last," he said, "Senator Harding again stated the issue:

"The constitution or the covenant that is the paramount issue. The two are irreconcilable. We cannot be governed from both Geneva and Washington. We cannot follow our present magistrate without forsaking the father of our country."

Senator Johnson concluded by saying the issue "arouses not only our greatest enthusiasm but our loftiest patriotism" and declaring the "Republican party marches to victory, in this campaign, under the banner of Americanism."

## Campaign Opens At Winchester

The campaign in Adams county opens September 22 at Winchester, according to information given out at the local Republican headquarters Monday evening.

Congressman C. C. Kearns of the Sixth Congressional district, will be the principal speaker at the meeting. A large number of local Republicans are expected to attend the meeting in Winchester.

Frank W. Moulton, Sam G. Harper and Henry T. Bannon, at Republican headquarters Monday night, signified their intention of attending.

## Hard Hit By Resignations

The post office has been hard hit by resignations the last few months, the latest coming Monday afternoon with the resignation of Clarence Correll, a carrier, on account of ill health. Six resignations now exist in the clerical and carrier forces and one in the truck service, according to Postmaster Vallee Harold.

The next examination for carriers and clerks will take place on October 27. No civil service examination is required for the position in the truck service and applications will be received at any time.

## Smoke House Pigskin Warriors Are Getting Down To Practice

Manager Putzok of the newly organized Smoke House football team, which last season went under the name of the N. & W., had 23 candidates in Millbrook Park yesterday for pledges. He put the boys through a strenuous workout, and has some wonderful material to choose from for the coming season.

He wishes to inform the lovers of football here that he will guarantee nothing but big class attractions as he has hooked games with teams from Columbus, Springfield, Cincinnati, Dayton and Athens. The opening attraction of the season will be with the hated rivals from Ironton, which are captained by Shorty Davies, last year star of Ohio State. The date of the opening game will be announced later. Manager Putzok has called a meeting for Tuesday evening at The Smoke House at 7:30 and all players are requested to be there.

### Spectacles.

We are told that the ancients had no spectacles. Roger Bacon, an English scholar of the thirteenth century, is said to have first pointed out that old persons with weak eyes would see better by reading through a piano-convex lens, but the credit of first showing the world how to use spectacles is given to Alessandro di Spina, an Italian monk, who died in Pisa in 1313.

# FALL STYLE SHOW TO START THIS EVENING

This evening will be the opening of the annual Fall Style Show Dress-Up Week. Many of the retail merchants cov-

ered their windows Monday and their decorators were busy until late Monday night putting in displays that will vie with each other for prizes.

The windows will be undraped this evening about six o'clock and from that time on many persons are expected to inspect the window displays.

The Retail Merchants Committee of the Chamber of Commerce arranged for the dates of the Fall Style Show the closing day to be next Monday, Sept. 27th. The show is to be carried over until Monday in order to make it a full week.

Last year the Fall Style Show was a big success and this year the show is expected to be as great a success, if not better. Every effort has been made to have the retail merchants co-operate in making the Style Show as big a success as possible.

In order to stimulate interest in the Style Show the Retail Merchants Committee is offering prizes of \$25, \$15 and \$10 for the three best decorated windows.

Judges to decide on the prize winning windows will be named today and they will decide on the windows this evening.

### BLUE STREAK MCCOY

Well, Folks, He's Back Again, at the Eastland Theatre Tomorrow for Two Big Nights, Universal Presents Harry Carey, the Screen's Greatest Westerner, in a Thrilling, Fighting Tale of the West, "Blue Streak McCoy"—"A Picture You'll Like—Also Showing News Weekly, Star Comedy, Kino-

Review and Orchestra.

Harry Carey, the outstanding Western star of the cinema, is announced for the Eastland Theater tomorrow in his latest Universal feature under the direction of Reeves Eason, "Blue Streak McCoy," a story of H. H. Van Loun, the author of many of the most notable screen successes.

"Fighting" Job McCoy is found, soon after the memorable June 30, 1919, mourning the loss of his friend, "John B." The Border Rangers offer excitement and adventure to keep his mind busy, so Job enlists. His activities put him in close touch with mining

interests in that section, and especially one operator, Howard Marlowe, his wife and young niece, who awakens in Job thoughts of a brighter future.

Does the Ranger ask for some of Marlowe's wealth, or for his beautiful niece whom he loves? He asks for neither gift. The answer must be found in the photo drama which is heralded as one of the season's best productions of its kind.

Other attractions on tomorrow's program offer the new Int. News, another funny Star comedy, the interesting Kilmet Review and the Eastland Orchestra.

Fun on Board a Pacific Liner.

One of the latest innovations for the amusement of passengers on an ocean trip is the outdoor swimming pool, which consists of a huge canvas bag holding about five feet of water. This is constructed on one of the lower decks. The swimmers dive from the deck above. This helps to amuse not only the swimmers, but the onlookers.

## Featuring Archpreserver Footwear

Tonight, Living Model Exhibit In Our Window,  
Wednesday, Experts from Selby Co. Will  
Demonstrate Archpreservers In Our Shoe Section

The story is told of a man in the east who owned a small farm which he sold for a mere mess of pottage because his cow wouldn't drink the water from the spring on the place, and then besides he wanted to go west and invest in oil lands. The man who bought him out investigated the reason why the cows wouldn't drink from the spring and found out that it was because there was oil in the water. He sank wells and made a fortune in oil, while the man who sold the place to him is still looking for oil lands.

The moral is plain. Oft times there are, right at your very door, the things that are best and the best opportunities.

All over the United States and even in some foreign countries Archpreserver footwear is advertised and sold extensively. It is the one best "Keep-your-feet-well" footwear in the world, as proven by thousands of wearers, yet these famous shoes are made right here at home — in Portsmouth.

You don't have to go helter skelter, here and there, experimenting to find the best shoe for you to wear, for you have it right here at home, in the Archpreserver.

## 9 Arrests For Speeding

Within the last couple of days nine arrests for speeding have been made by motorcycle policeman Frank White of New Boston. Those taken into custody and the speed it is alleged they were making follows: G. H. Gable, 34 miles; P. Shelia 30 miles; H. Barnes 30 miles; Raymond Clark, 44 miles; C. M. Copas, 32 miles; Clarence Ray, 32 miles; C. W. Snyder, 33 miles; Joe Fruitt, 34 miles; B. G. Vlauder, 32 miles; and R. E. Pratt, 39 miles. An additional charge of running a car without a tail light was put against Copas. According to Traffic Policeman White the motorists are not being bothered on Rhodes avenue in Peabody addition, but they are being

warned to keep below the 30 mile limit in Peabody addition.

The fines to be assessed under the village traffic ordinance are not more than \$25 for the first offense and not more than \$50 for the second offense.

## "MOVIE" MEN PLEAD NOT GUILTY AND DEMAND A JURY TRIAL

When the cases of the six movie theater owners, George F. Law, J. F. Pitts, Francis Mack, William Spitzer, Dallas Howland and William McConnell charged with operating their moving picture shows last Sunday, and their score of employees charged with working on the Sabbath, were called for trial in Municipal court Tuesday afternoon, the prosecution, by leave of the court, withdrew the affidavits setting up a clause having been omitted from the documents. Attorney Frank insisted on the affidavits being disclosed.

New affidavits correcting the mistakes were immediately filed and on the motion of the court, Attorney Theo. K. Funk on behalf of the defendants, promptly entered a plea of not guilty. Judge Small set the cases down for hearing Friday.

Following the withdrawal of the affidavits the question of the right of the defendants of trial by jury was raised and during the discussion Judge Small, representing the prosecution, Attorney Theo. K. Funk induced considerable sharp repartee, which turned the courtroom that packed into the rear room to witness the proceedings.

Attorney Funk indicated that he will make demand, on behalf of his clients, trial by jury and the court urged to file his application not later than Monday, in order that jurors be selected and seated with legal time to cause their attendance in court.

## SOCIETY

Mrs. George M. Appel and daughter, Miles Katherine and Lena, of Gallia street, who are on a world-wide tour, are now in Yokohama, Japan, according to a cablegram received today by Mrs. Appel's daughter, Mrs. Raymond Wilcox of Hutchins street.

At St. Mary's church on Sunday morning, the banns were published, announcing the marriage, in the near future, of Miss Nancy Hefty, daughter of Mr. and Mrs. Harry Hefty of Athens to Arthur Walters, son of Mr. and Mrs. Joseph Walters of Sixth street. The wedding will be an event of early fall.

The Woman's Auxiliary of Allentown will hold their annual outing Thursday at the house of Mrs. Ida McElhatney, South Portsmouth. Members will meet at the lower floor at 9:30. The united offering boxes each member will be assessed fifty cents for her dinner.

The marriage of Miss Giselle White of Columbus to Jasper J. Richards of this city occurred Sunday, September 19, with Rev. M. H. White, cousin of the bride, as the officiating minister.

Mr. Richards, with Mr. Lewis Keeg, have an undertaking establishment at 518 Fourth street.

After ten days' trip, Mr. and Mrs. Richards will be at home to their friends in this city.

The baby daughter born recently to Mr. and Mrs. Arthur Duncan of South Portsmouth has been named Zeilda Imogene.

Mrs. Alexander Dunn (Ella Berry) of Pittsburgh, formerly of this city, is the guest of Mrs. Jessamine Church of Fourth street.

Mrs. W. L. Duncan of Quincy, Ky., is the guest of her daughter, Mrs. Albert Rinker, of South Portsmouth.

Mrs. Joseph Hoerth and daughter, Lois, of Dayton, O., are in the city for a few days visit with friends. They are enroute from a six weeks' stay in New York City. They also made short stops at Washington, Niagara Falls and Cleveland. Mrs. Hoerth's grandfather, Mr. H. C. Shump, of Ashland, Ky., is also here to attend the G. A. R. Reunion.

Mrs. Elizabeth Griffiths of Bond street has returned from a pleasant sojourn with relatives in Cincinnati.

All members of Mrs. G. M. Smith's Sunday school class of Trinity church are urged to be present at an important meeting to be held in the church immediately following prayer meeting Wednesday evening.

### Miners Return To Their Work

PHILADELPHIA, Pa., Sept. 21.—Officials of the Philadelphia and Reading Coal and Iron company, announced today that reports to its offices here showed that 37 of its collieries and washes in the Schuylkill and Shamokin districts were in full operation today. These reports, it was further announced, showed four of the company's collieries in the Shamokin fields were still idle due to the failure of mine workers to return to their places.

Reports from the Hazleton and Wyoming-Buckannon fields indicated more men were at work today than yesterday, coal companies reporting their mines in the Hazleton district operating one hundred per cent strong. It is expected that the policy committee of the United Mine Workers will meet in Washington early next week to take steps to have the wage agreement, recently signed, reopened with the view of obtaining a further increase for the workers.

William Appel, F. O. Richards and James W. Newman, non-resident owners are hereby notified of the passing by council of the City of Portsmouth, Ohio, of the following resolution: Be it resolved by the council of the city of Portsmouth, Ohio, that they do hereby direct the city engineer to begin at a point on the west property line of Broadway street in the center line of the alley between Fifth street and Sixth street, thence west along the center line of said alley to a point 10 feet west of the east property line of said alley; thence 15 ft. east of the east property line of Broadway street;

## RESOLUTION

Number 230 Declaring it necessary to improve by constructing a road beginning at a point on the west property line of Broadway street in the center line of the alley between Fifth street and Sixth street, thence west along the center line of said alley to a point 10 feet west of the east property line of Broadway street, in accordance with plans adopted by Council August 18th, 1920, and now on file in the office of the Auditor of the City of Portsmouth.

BE IT RESOLVED by the Council of the City of Portsmouth, Ohio, three-fourths of all the members elected thereto concurring as follows:

SECTION I. That it is necessary to improve by constructing a road beginning at a point on the west property line of Broadway street in the center line of the alley between Fifth street and Sixth street, thence west along the center line of said alley to a point 10 feet west of the east property line of Broadway street, in accordance with plans adopted by Council August 18th, 1920, and now on file in the office of the Auditor of the City of Portsmouth.

SECTION II. That said improvement is hereby declared to be conducive to the public health, convenience and welfare of the people of the city of Portsmouth.

SECTION III. That the same shall be constructed in accordance with said plans, and the specifications, estimates and profiles thereof, now on file in the office of the Auditor of the City, which said plans, specifications, estimates and profiles are hereby approved.

SECTION IV. That the whole cost of said improvement, less one-fifth thereof, and the cost of labor and materials to be used by the contractor, shall be paid by the city of Portsmouth, All lots and lands abutting upon the proposed improvement which are herein described shall be sold to the city of Portsmouth at a price to be fixed by the city auditor, to be specially levied by said improvement, and the cost of said improvement shall include the expense of the preliminary and other surveys, and the engineering and surveying services, and architectural, structural, mechanical, electrical, and ornamental services, and the serving of said notices, the cost of construction, together with interest on bonds, and the participation of the city in the payment of taxes on the erection of deferred assessments and all other necessary expenditures.

SECTION V. That the assessments to be levied shall paid in ten annual installments, and on deferred payment of 6 per cent per annum, provided that the owner of any property assessed may at his option pay such assessments in cash within the time specified after the payment of the above-referred ordinance, in which case said cash assessment shall not include any item of interest upon bonds to be issued in accordance with the provisions of the laws of the state of Ohio.

SECTION VI. That the auditor of the city of Portsmouth, Ohio, shall be required to furnish the city auditor with a statement of the results of assessments and in an amount equal thereto.

SECTION VII. That the remainder of the expenses of said improvement, less one-fifth thereof, together with the cost of advertising or otherwise of any kind, shall be borne by the contractor, and the contractor shall be allowed any sum or sums necessary to cover the cost of advertising or otherwise of any kind, which may be necessary to be incurred by him for the purpose of carrying out the provisions of this ordinance.

SECTION VIII. That the auditor of the city of Portsmouth, Ohio, shall be required to furnish the city auditor with a statement of the results of assessments and in an amount equal thereto.

# The Football Outlook In The East

**NEW YORK.** Sept. 20.—Before the present winds have put an end to base ball and races and other summer sports, football, the greatest of college sports, will be on its way. This week the play-offs of many universities and colleges will begin the first of a two-week session which promises to be the most spectacular in many years.

"Papa" Bell, the world's series and game-winner, will occupy the limelight for only a short while longer, for surely after the great elevens of the schools have tried out their metal in the early games, the chilly breezes of fall will sweep away the other sports along with the leaves.

The games that will usher in the football season this week are minor in character. Erikine and Clemson will battle in Clemson, South Carolina, and the St. Joseph Veterinary school will take on the Missouri Wesleyan at St. Joseph.

#### Real Opening Saturday

The real opening will come next Saturday, when Harvard meets Holy Cross and the University of Pennsylvania will meet Delaware. Princeton and Yale will not start until October 2.

The preliminary season, with its arduous business of muscle-hardening, weight-reducing and catathexis in

rules and fundamentals of the game, has uncovered a wealth of material in all the leading colleges of the east. The most promising squad of players Harvard has had in many years is helping Bob Fisher build a team that will make a strong bid for the championship honors. Captain Horween and Havermyer, Kane, Bedwick and "Pappy" Clark are the regulars around whom the Crimson coach will build his hopes.

#### Yale Getting Set

The Yale football timber is not of the best, but Captain Callahan, one of the best backs the game ever had, and a few others of last year's team will

give the Blue a good start. Princeton has suffered by the loss of six regular players of the 1919 team. But there is an abundance of promising material carried over from last year's freshman team.

#### Fresh Is Strong

The University of Pennsylvania, under a new system of coaching this season, shows incomparable strength at this stage of the game. Though most of the men are inexperienced, the team is physically the best the U. of P. has had in many seasons. West Virginia, with several veterans, promises to be a contender for champion-

ship honors.

Syracuse is

practically

the same

as last

year.

Cornell promises to turn out a powerful machine, and Columbia is hopeful.

An unusual condition prevails in eastern football this year. Brothers will captain four of the leading elevens of the inter-collegiate group. The Callahan brothers will lead the Yale and Princeton teams. The Robertson brothers will be in charge of the Syracuse and Dartmouth teams.

Linemen are in the majority as cap-

tains of football teams in the east.

Sixty teams show 30 line players heading the elevens.

# CONFERENCE TEAMS GETTING READY FOR STRENUOUS SEASON

**COLUMBUS,** Ohio, Sept. 21.—Ohio conference football team swung into action last week with the return of men to college, preparatory to a season of stiff schedules and keen competition. Nearly all the schools have a good showing of veterans back at a nucleus for new loans. Several schools, however, report a dearth of satisfactory freshmen timber, especially Oberlin, which fled last year with Webster and Wittenberg for state titles.

Most of the teams will spend this month in strenuous preparatory work, few games being scheduled before October 2. Case, however, will open the season a week earlier, Sept. 25, with

Union college at Bremen.

Active scrumming has been started in most schools, although intensive work probably will not be held till the week of September 20. Footballs point to experienced lines in nearly all schools and in one of two, last season's line is virtually intact.

While Oberlin, Wooster and Wittenberg can repeat the work of last year when they went through the season without a single defeat is conjecture.

While Wittenberg played on

three Ohio conference games last year without Wooster's seven and Oberlin's six, this year they will encounter six Ohio conference foes, the equal of any other schedule in the conference. Both Wooster and Oberlin will play teams well sprinkled with veterans this fall, and undoubtedly will make strong bids again for top places in the conference race. Oberlin will have only six letter men back, but Coach McNealy hopes to be able to develop many of last year's varsity seniors in lieu of suitable year-long material.

Letter men back are: Captain Mc-

Phee, Wheeler, Taylor—backs; Bar-

ber, McNealy, and Stallings—linemen;

and Kiser, Mayer, backs; Newsom,

Eds Crossen, Lansdale and Anderson,

linebackers, substitutes of last year who are expected to fill the holes.

Warren E. Steller, captain of the 1919 team, will be assistant coach.

Recruits at the University of Cin-

cinnati are somewhat different. Here Coach Chambers will start with ten letter men. These will be re-inforced by eleven second string men of last year and at least 11 freshmen mem-

bers of varying caliber. While it is unlikely that any newcomers will be able to displace the veteran line Cincinnati will again put into the field, it is predicted that the yearlings will predominate in the backfield. Letter men back are:

Captain Dan Peiss, Sarvis, Taylor,

Schla, Meyer, Peacher, Burke, and

McBride, linemen, Pray, Pullen and

Hendall, backs. Among the more promising starting members who im-

mmediately will work their way into

the varsity ranks are: Fratz, Linne- man, Palmer, Croley, Bruehoff and Pichel, all backfield men.

Several Cincinnati men have been mentioned for All-Ohio berths several times. With this material and an enlarged schedule of conference fees this season, Cincinnati undoubtedly will make a good showing.

Coch Little at Miami again will be

able to put forth a strong team, and

white Captain Eddie Sauer and Schmitz

All-Ohio tackles of the last year will

be greatly missed, several former

squad men of sterling talent make the outlook rosy. Little says fully 40 men

will be available, growing down, and

a number of fine men are reported to

be included in the lot.

Captain Bob Hale of Mansfield will

be back at the old position at center,

and while he will be handicapped by

the graduation of five of his choices,

he has considerable material with which to plug up the empty holes.

Among the most promising

freshmen listed for guards are: Crouse

of West Alexandria, Prefomore of Marion, Orth of Chillicothe, and McKelly of Brookville. At Tuckie, Angie of Mansfield, looks up as the logical man. He was captain of the freshman team here last fall. Back of the line, Miami will be well fortified. There will be Tom Fox of Bucyrus, and Billy Davis of Pittsburg, Mass., a former A. E. F. athlete. These men may be used at quarter in case Brown of last year's five fails to return. Wolf of Cleveland and McMillan of Kingston, are prominent candidates for halves. Tom Munns, who played at full last year, will again be back at his old position. Other men who are looked forward to as possibilities are: Linemen: Kramer, Gilleothe; Work, Hengstfeld, Pa.; Laich, Napoleon; Kilchen, Dayton; Wiroot and Essig of Cincinnati; Backfield: Voss, Portsmouth, Davis, Columbus; McDermid, Chillicothe and Blunt of Ashland.

At Ohio Northern Shifty Bolen All-

Western conference end of Ohio state

team, will be in charge of Coaching

again this year. Bolen will have a

fairly veteran team, Dague, Miller,

Kates, Peeler, Palton, Snuckles, Mullen-

ger and Belus being among the veterans

assured of returning. Pritchard,

a 225 pound migrant from Birnam just

entered school, is said to beat the

marks of a good lineman for the 1921 team.

The football call at Ohio University at Athens disclosed 22 wearers of the "O" bat in uniform with about five men from the old freshmen squad eligible for varsity competition. Among the letter men are: Captain Schuyler, a 225 pound migrant from Birnam just

## THE COST OF CARELESSNESS

SUNDAY last furnished an orgy of fatal automobile accidents. Fatalities, growing out of the operation of cars were reported from all over the country, and in numerous instances from one to a half dozen persons were killed in one accident.

Seemingly in coincidence, it was stated at a meeting of the underwriters conference, in Chicago, last week, that carelessness cost the United States more injuries and lives than did their direct participation in the world's war, incredibly more, were it not that the actual figures prove the truth. Think of it. Accidents injure annually 11,037,000 persons and kills 105,000. To be sure not all these casualties are the result of carelessness, but equally true by far the greater number of them could have been avoided by ordinary prudence.

It is found to be a fact that every year 5,000 come to death through being run down by automobiles. In every case either the driver of the car or the individual killed is to blame. One or the other has not exercised the precaution that the circumstances called for.

We do not agree here with the Cincinnati Enquirer, which, commenting on the figures given, concludes, the American people have a mania for speed; they are habitually lacking in caution, and against these peddlers will not prevail and the only cure is to begin with the child and teach prudence. Unfortunately haste and carelessness are distinct national faults, but they are suffered to run riot and caution gets no accent, because no check is placed upon either. If violations were punished with a certain and unrelenting hand, if indiscretion or indifference were penalized in the beginning the habit of thoughtlessness would not near so generally become the common habit.

Just to illustrate: Just now we saw, a good friend; who wouldn't, just under the most serious aggravation, think of harming a fellow-man, drive his car in such a dangerous fashion that we spontaneously yelled at him. Now, if we had the nerve to haul him into court and he were given a round fine he would never do that again. Not because of the money loss, but because his dereliction would be impressed upon him, who would be the last to want only injure anyone. Yet, as it is we much fear that some day he will suffer worse torture from his thoughtlessness than any money loss could bring to him.

In this connection there is this other thought: To cure the existing evil by teaching children prudence in action is all right, but it offers nothing for immediate ill. This demands immediate attention. If it can not be totally exterminated, it may be somewhat abated and one human life or maiming is worth the effort.

## THE MYSTERY OF THE AGES

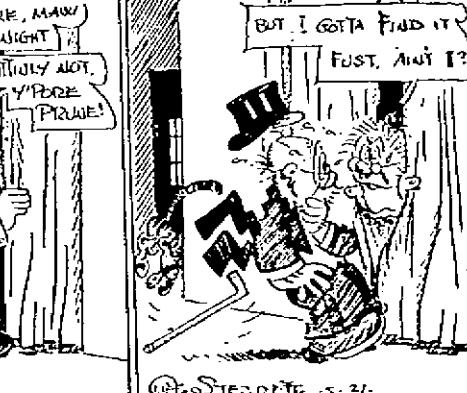

**T**HE following article, which is now making the rounds of the press of the country, will prove interesting reading and help impress the fact, that quite near to us we have one of the most remarkable wonders of the world:

The Serpent Effigy mound, in Adams county, Ohio, the strangest earthwork left by the Mound Builders, is one of the most striking and puzzling creations that is to be found in the Ohio River Valley. Over all, the mound is more than 1,500 feet long, and depicts a serpent of several convolutions, jaws extended and an oval within the grasp of the huge jaws. The groundwork is from two to four feet in height, and from three or four to 20 feet in thickness. Within the oval, beyond the extended jaws, archaeologists have found an altar of stones and copper ornaments.

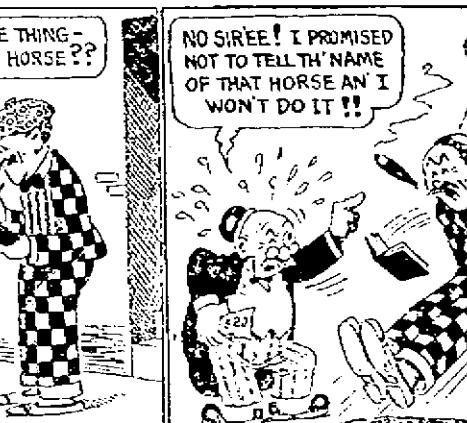

An old Indian fighter who died in the West several years ago nearly 100 years old, declared he had heard a story in his younger days of a tribe of strange Indians in the Scioto valley who each year held a fall festival and gave a great powwow on a snake's back. He said he never could understand the meaning of the story until later in life when he heard of the Mound Builders. His recollection of the story, had it been given to students of the mounds, might have served to give them new theories on which to base their research work. He said the strange race were supposed to sacrifice a certain number of children born under the first full moon of spring. For this the Mound Builders might have used the stone altar which has been found.

Wesley Sheldon, a twelve year old boy of Ashburnham, Massachusetts, is acclaimed as a wonder. The farm bureau of Worcester county has awarded him first prize as bread baker and a record of his activities for three months shows he made 55 loaves in 19 bawkings, did 76 hours of housework, spent 48 hours running errands for mother and in addition delivered 124 newspapers every evening, went to school, made a cake or two every once in awhile, washed dishes, shoveled snow, played base ball, took long rides through the hills on his bicycle and went swimming often. He's redheaded and freckled face, which may account in part for his pep. He's a boy all the way through and so we have a doubt that he ran all those errands for ma, we rather like to think he loafed along occasionally anyway.

# NEW YORK CUSTOM HOUSE IS UNDER HEAVY GUARD

## Officials Baffled In Efforts To Solve Explosion Mystery

NEW YORK, Sept. 21.—The New York customs house today was under the heaviest guard in its history, because of the warning received yesterday that the Wall Street explosion last Thursday would be followed this afternoon with blowing up of the great government structure.

Although both federal and local authorities were inclined to regard as a hoax the postcard received by Collector Edwards, setting two o'clock as the hour for the second explosion, they took no chances.

Officer workers making their way down the canyons of lower Broadway this morning found scores of coast guards, carrying rifles and side-arms, entering the customs house, at the foot of Bowling Green. In addition, scores of United States custom guards had been mobilized. They were stationed inside the building and at the doors. Everyone entering the structure was closely questioned.

Officials said that more coast guard reserves were being held at the large base in Battery Park, at the very tip of Manhattan Island. These, it was said, would be brought across the park later in the day and string around the customs house.

While no orders had been received at Governor's Island this morning to send any soldiers to Manhattan for guard duty, several companies of United States regulars were available here in case of emergency.

Last Thursday the first detachment started Wall Street within forty minutes.

Police reserves and agents of the department of justice also stood ready to answer any call, but customs house officials expressed themselves prepared for any emergency, should one arise.

There was only one policeman on duty in front of the government building. He was assigned to see that no vehicles were parked in front of it.

CONSTANTINOPLE, September 21.  
(By the Associated Press)—General Wrangel's latest cavalry drive against the Bolsheviks in South Russia has won him valuable strategic positions on the railway and resulted in the capture of more than 2,000 prisoners and quantities of supplies, it is reported in advices from the Crimea.

The South Russian cavalry, by a sudden dash, surprised the Bolsheviks and captured the railway junction of Perekopsk, with sections of the line in either direction, as well as the town of Ozrikoff.

The Wrangel forces now are menacing Alexandrovsk, on the Donets, about 50 miles inland from the Sea of Azov.

The Japanese government has an observer at Sebastopol, General Wrangel's headquarters.

## Rules Against Moving Liquor

ST. LOUIS, MO., September 21.—Judge C. R. Earle, in the United States district court here today, ruled that private owners of whiskey held in bonded warehouses cannot remove the liquor to their houses without violating the Volstead prohibition enforcement law.

Permit to move the liquor stored can only be granted where it is to be sold for medicinal purposes, the judge held.

## Socialists Unchallenged In Legislature

ALBANY, N. Y., Sept. 21.—New York state's five Socialist assemblymen sat unchallenged yesterday throughout opening proceedings of the special session of the 1920 legislature, the same which ousted them, early in the year at the regular session, in a fit to deliberate in legislative councils.

The socialists not only sat, voted and debated a resolution which sought to oust them against—but, which apparently is buried in judiciary committee—but also listened to a speech by Speaker T. C. Sweet, instigator of the original ouster proceedings in which he maintained the necessity for ousting them is no longer as pressing as it was a few months back.

CHICAGO, Sept. 21.—Quiet prevailed this morning in the stock yards district, on the South Side, where last night one white man was killed by three negroes, followed by disturbances which were quelled by the police with the assistance of a priest in whose church the negroes took refuge.

Chief of Police Garrity established "moral lines" in the district and reported that the situation was under control today.

The disturbances which ended when the police hurried the negroes from the church while Father Thomas M.

Barry was talking to the crowd, was followed by minor outbreaks in which

Frank Gervin, white, and several others, both negroes and whites, were reported wounded and injured.

The man killed, Thomas E. Barrett,

an employee of the Chicago sugar

line, who the police said, had been arrested several times on charges of assaulting colored men.

According to the police, the trouble started when Barrett began abusing the negroes, threatening one of them. One negro is said to have drawn a razor, almost severing Barrett's head at one stroke.

A resolution appointing a committee of investigation, with orders to report to the forthcoming national meeting of the A. A. U., at New Orleans, declared that the reports of conditions if true, would indicate that certain of the officials in charge merit the severest censure from this body and from all lovers of clean sport.

Permit to move the liquor stored can only be granted where it is to be sold for medicinal purposes, the judge held.

## TURKISH NATIONALISTS AND FRENCH IN BATTLE

CONSTANTINOPLE, Sept. 20.—(By THE ASSOCIATED PRESS)—Turkish Nationalist forces in southern Asia Minor are continuing their fight against French troops of occupation there. Ten thousand Turks and Arabs are besieging Adana, and others are daily shelling Tarsus with old, five-inch German guns operated by German officers who have been stranded there since the armistice. Frequent attacks are being made on Mersina, an important seaport southwest of Adana, but they have been repulsed by the fire from the guns of a French battleship in the harbor.

Hand-to-hand fighting frequently occurs at Adana, the French sanguine

and the Turks and Arabs cutting off the heads of the fallen to be sure

they are dead. There is no report,

however, of torture being inflicted. Philip L. Flora, of Springfield, Mass., a worker with the American committee for relief in the Near East who has arrived here reports finding more than 300 headless bodies on the fields near the city where engagements have recently been fought. The French have driven back the besiegers and have established their lines five miles to the west of the city, but the Turks and Arabs continue their assaults under the protection of vineyards and orange groves.

The French have succeeded in get-

ting supplies into Tarsus from Mersina and also have cleared the plain between Adana and the sea. They are preparing for a winter's siege, however, and are distributing food to the Turks, Arabs and Armenians inside the city. The harvest on the plains nearly has been gathered by the French.

It is said the Armenians involved in the French in the hostilities by attacking, last June, the Arabs and Turks within the city and beating and murdering some of them. The French hanged 40 Armenians for this act.

## AUXILIARY POLICE FORCES WRECK AN IRISH TOWN

DUBLIN, Sept. 21.—Auxiliary police forces last night wrecked the town of Balbriggan, near here, in retaliation for the shooting of two

police officers there earlier in the evening, when District Inspector Burke was killed and his brother, Sergeant Burke, was seriously

wounded. Many houses were set on fire and the largest brewery factory in Ireland belonging to an English firm, was destroyed.

This morning the town was in terror, and streams of refugees in all sorts of vehicles were abandoning the place for neighboring villages.

## RIOTING IN CHICAGO'S STOCK YARDS DISTRICT

ENTERS 40TH DAY  
OF HUNGER STRIKE

LONDON, Sept. 21.—Lord Mayor MacSwiney of Cork passed a very restless night at Brixton prison, where he entered this morning, the 40th day of his hunger strike, according to a bulletin issued by the Irish Self-determination League. He lay some sleep, but it was quite fitful, and he was

very weak this morning, the bulletin stated.

When asked the direct question whether MacSwiney was being fed, a Home official said this morning:

"Not that we know of, but you must remember his relatives have free access to him."

This is the first time officials have qualified the statement that as far as the government's doctors know, the lord mayor is not receiving nourishment.

The prison physician reported this morning that MacSwiney was considerably weaker than he was yesterday.

PIITTSBURGH, Sept. 21.—The proposed construction of a Lake Erie and Ohio river canal was the subject of a hearing here today before the board of engineers of the United States army. About three hundred residents of Michigan, Ohio and Pennsylvania attended the hearing and gave their views on the waterway, argued for its construction and told of the benefits which would result from such a canal.

W. V. Judson, M. L. Walker and E. M. MacKinnon, members of the engineers' board, conducted the hearing. Speakers told the board that the proposed canal would provide a shorter route from the Great Lakes to the South; would mark a great increase in the tonnage shipped between those regions; that tonnage tax on coal would be eliminated; and that no railroad could compete with the waterway.

Five scheduled speeches remained on his program in southern California. One was at Long Beach, three at Los Angeles and one at San Bernardino. This called for a morning trip to Long Beach and return here, where he was to address the 15th Advertising club, a luncheon of club women and the Southern California Editorial Association.

The speech at San Bernardino was to come late today.

As in his speeches in San Diego yesterday and in Los Angeles last night those today were expected to be featured by the teams of nations and kindred subjects, as sentiment in

the league against anti-Americanism increased.

The bearing will be continued at Toledo, O., late this month, the board announced.

# The Football Outlook In The East

**NEW YORK**, Sept. 20.—(AP)—The gales that will make in the autumn winds have put an end to base ball and races and other summer sports football), the greatest of college sports, will be on its way. This week the pick-and-choose of many universities and colleges will begin the first of a two-week session which promises to be the most spectacular in many years.

"Rube" Ruth, the world's series and Man-of-War, will occupy the highlight for only a short while longer, so shortly after the great excitement of the colleges have tried out their metal in the early games, the chilly breezes of fall will sweep away the other sports along with the leaves.

The games that will make in the football season this week are indeed in character. Princeton and Columbia will battle in Clemson, South Carolina, and the St. Joseph Veterinary school will take on the Missouri Wesleyan at St. Joseph.

## Head Opening Saturday

The real opening will come next Saturday, when Harvard meets Holy Cross and the University of Pennsylvania will meet Delaware. Princeton and Yale will not start until October 2.

The preliminary season, with its arduous business of muscle-hardening, weight-reducing and catch-up in

rules and fundamentals of the game, has uncovered a wealth of material in all the leading colleges of the east. The most promising squad of players Harvard has had in many years is helping Bob Fisher build a team that will make a strong bid for the championship honor. Captain Horwitz and Havemeyer, Kane, Sedgwick and "Tubby" Clark are the regulars around whom the Crimson coach will build his team.

## Yale Getting Set

The Yale football timber is not of the best, but Captain Callahan, one of the best backs the game ever had, and a few others of last year's team will

give the Blue a good start. Princeton ship honor. Syracuse is practically the same strength as last year. Cornell promises to turn out a powerful players of the 1919 team. But there is an abundance of promising material carried over from last year's freshman team.

## Penn Is Strong

The University of Pennsylvania, under a new system of coaching this season, shows incomparable strength at this stage of the game. Though most of the men are inexperienced, the team is physically the best the U. P. has had in many seasons. West Virginia, with several veterans, promises to be a contender for champion-

and Columbia is hopeful.

An unusual condition prevails in eastern football this year. Brothers

will captain four of the leading ele-

mens of the inter-collegiate group. The Cuthbert brothers will lead the Yale and Princeton teams. The Robertson brothers will be in charge of the Syracuse and Dartmouth teams.

Princeton are in the majority as cap-

tains of football teams in the east.

Sixty teams show 30 line players

heading the elevens.

## Double Bill Is Divided

The Cincinnati Reds came back strong and defeated New York Giants in the second game of Monday's double header, 8-3, after losing the opening game. By splitting this series, the Reds and Giants are virtually eliminated from the National League pennant race. The score:

By FRANCES Trease MONTGOMERY

"Who?" cried a brisk, cheery voice. Billy slowly opened his eyes. There was a pony stopped suddenly and shook his snout looking Neal, while a boy a little bigger than Frank Brown jumped from a little cart full of grass and ran to the pony's head.

"Now, stand still, Sandy, till we see whether our friend here by the roadside needs any help," went on the boy. "It's a fine looking goat, Sandy, but he looks sick."

Dandy dashed his front feet up and down and rubbed his nose affectionately against the boy's neck, while a beautiful colt came rushing up and nuzzled and danced around them both, giving little, short, sharp, playful barks.

"Steady now, King, steady," said the boy. "There's no way to make a noise when there are sick people around. Behave yourself," and patting the dog's silver coat with a hearty thump, he turned to see what could be done for Billy.

The dog reached the goat first and Billy shivered as he felt the dog's teeth begin to gather his limbs to get muzzle touch him. He jerked his head up and defend himself, when the dog whined a little and he felt that the touch was a friendly one.

"Why, you poor goat!" said the boy, as he saw the bruised and bleeding leg. "I wonder how you ever broke such a pretty fine limb as that. Well, old fellow, if broken bones are all we can fix those."

He passed his hand gently down Billy's neck to his fore flanks, where it rested for a moment. Billy felt better right away. He liked this young fellow. He had never heard a voice or felt a touch that seemed to do him so much good. A tiny little stream ran across the road not far ahead, and taking a bright little pull from his cart, the boy ran to this stream and came back with some water. He carefully dabbled Billy's leg with his hand.

but very little trouble they lifted Billy up and laid him in the cart on the bed of soft, springy grass. King barking joyously circles around them all the way.

"It's lucky for you, old fellow," said the boy, as he gazed fully a light pat and climbed back to his seat, "that I happened to be out cutting some feed for my pets."

The dog, King, sprang up on the seat, beside the boy, and sat there looking as grave as an owl.

"Get up, you Dandy!" said the boy. "In the next story Billy sees his new home."

In an infant school the teacher closed the miracle of the water being turned into wine as the subject of the usual Bible lesson.

In telling the story she occasionally asked a few questions. One of them was:

Mrs. Dill—"Who are those two ladies who just got out of the limousine and are coming toward the house?"

Mrs. Pickle—"Oh, that's my cook and her new understudy."

## WHO'S WHO

In The Days News

J. P. MORGAN

If the bomb recently exploded to Wall street was intended for J. P. Morgan it went wide of its mark, for the head of the great banking firm of J. P. Morgan & Co., was in Europe. Had he been killed by the bomb, the world would have lost its most noted financier.

The present head of the house of Morgan took a commanding position in the world finance when his father, John Pierpont Morgan, died in 1913.

The younger Morgan had spent twelve years in the London branch of J. P. Morgan & Co.—from 1899 until 1901—and had been one of the partners of the New York branch of the Morgan company an equal number of years before his father's death.

Morgan was one of the great figures in the whole world of finance during the European war. His first loan was \$12,000,000 to Russia. Less than six months after the war started the Morgan firm was appointed commercial agent of the British government in the United States, thereafter conducting the purchase of all munitions and supplies for Britain in this country. It made a loan of \$50,000,000 to the French government in April, 1915, and organized a syndicate of about 2,200 American banks and floated a loan of \$50,000,000 to the allies in September, 1915.

The present J. P. Morgan is now a director of the United States Steel Corporation, of the International Mercantile Marine Company, the Delavan Company, N. P. Railway Company and of the New York and Harlem R. I. C. Company.

Morgan was born at Irvington, N. Y., in 1873. He graduated from Harvard in 1893.

In Paris, en route,

All very well thought out, I'll say, but what he really meant was that he just couldn't bear not to be present at dear old Cecilia's wedding, specially knowing how sweet she has always been to me, and how much I love her.

Aunt Cecilia of course fell for his pretty speech about his not being able to die comfortably, if he missed her wedding, and what woman wouldn't be pleased to hear same? She patted his head and said it was awful clear of him to appear, and that she thought it was wise more all round for him to show himself, in the flesh, to mother!

Then mother, herself, arrived, and she was taken aback at the sight of the wicket one, but I think she was also quite pleased to see his smiling face again, for she fond of Cecili—such as she will. Besides nothing could possibly be allowed to spoil the cloudless perfection of aunt's wedding day. So it turned out to be a most joyful family reunion and affair, and we just had the time of our lives joking with aunts and hugging her between us, until the step of the bridegroom was heard on the threshold, and Cecilia turned her shining face towards him, smiling and silent.

Jeff came in very tall and masterful-like, bowed to us, winked at night of Cecili, and then caught his blushing bride-to-be in his strong arms.

He whispered something in her left ear, and it made her cling to him for a space; then nuzzly sat down and told off, gaily; that everything was ended, even to the packing of the traveling bag, and that she was ready to put on her hat and fly with him to Timbuctoo, if he so desired!

Wedding merriment and weddings are such grand and thrilling things, aren't they? And to think that one in this whole world deliberately refuses to be a bride, at least once in a lifetime! It's awful.

What is Success?" I asked The artist, as he sat before An easel on a barren hill.

"It is a dream they've dreamed of old; It is a fairy story told Of rainbows, and a pot of gold Awaiting at the end."

What is Success?" I asked The busy man who never smiled At all the riches 'round him piled.

"It is the building of a tower; It is sometimes a single hour When a man is conscious of the power He holds o'er other men."

What is Success?" I asked The man whose entire life had been A service to his friends and kin.

"It is to lessen grief and stress; It is perhaps just kindness; It's love, and human things, I guess, That somehow bring Success."

# FALL STYLE SHOW TO START THIS EVENING

This evening will be the opening of the annual Fall Style Show Dress-Up Work.

Many of the retail merchants cov-

ered their windows Monday and their decorators were busy until late Monday night putting in displays that time on many persons are ex-

pecting to inspect the window displays.

The Retail Merchants Committee of the Chamber of Commerce arranged for the dates of the Fall Style Show the closing day to be next Monday,

Sept. 27th. The show is to be carried over until Monday in order to make it a full week.

Last year the Fall Style Show was a big success and this year the show is expected to be as great a success or better. Every effort has been made to have the retail merchants co-operate in making the Style Show as big a success as possible.

In order to stimulate interest in the Style Show the Retail Merchants Committee is offering prizes of \$25, \$15 and \$10 for the three best decorated windows.

Judges to decide on the prize al-

lotted windows will be named today and they will decide on the windows this evening.

## POLICE LEARN THAT YEGGS DIVIDED "SWAG" ON TRAIL

Evidence has been found conclusive in establishing the fact that yeggs, who early Monday morning cracked the safe of the Pure Oil Company, Truth and Court streets stopped about two and a half miles out on the Scioto Trail and took an inventory of the "swag" discarding all that they thought they could not use.

Chief of Police Distel and Officer Al Hinebaugh found a bunch of letters, two checks and a hip pocket

containing soap, which had been cut out of a pair of trousers lying between the railroad track and the Trail on the Wm. Ackerman place, Monday evening about 6:30.

The supposition now is that the yeggs, after looking over the swag and discarding what they did not want, went out on the Trail, undoubtedly traveling in a machine, and went at least as far as Chillicothe and probably clear on through to Columbus.

The two checks found were for \$23.92, and \$3.25. The larger check was a pay check from the N. & W. originally made payable to A. F. Yates, who had informed H. H. Yates, who had informed him that the smaller check was made payable to the Pure Oil Company and was signed from Reed Howe.

The pocket cut out was about a third full of soap which is believed by some to be Star Soap, and which corresponds with the variety used in breaking the safe. The yeggs were not taking any chance of being picked up with the soap in their pockets and took the first opportunity to get rid of it.

Several important papers which were taken from the safe, among which were several leases, mortgages, and deeds, were not to be found around the place where the other papers were discovered, although it was believed that these would be discarded by the yeggs as soon as the robbers saw what they had, and a minute search was made for them.

Indianaapolis, Sept. 21—Old friends were to be renewed and stories of the day when they bottled for the union re-guanted as the principal activities today of the 1920 encampment of the Grand Army of the Republic, which formally opened yesterday.

Eighty regimental and brigade roundels were set for today and tonight the annual camp fire will be held.

The business sessions of the encampment will not be held until Thursday morning.

The various organizations affiliated with the G. A. R. were to open their meetings today. The annual sessions of the National Association of Naval Veterans 1861-65, Sons of Veterans, Ladies of the G. A. R., the Women's Relief Corps, Daughters of Veterans, Sons of Veterans Auxiliary and the Union Ex-prisoners of war, are being held in conjunction with the encampment.

The organization at the business session Thursday will be asked to increase the per capita tax from 3-1/2 cents, at which figure it has been for thirty years, to ten cents a year. It was stated by members of the national council of administration, that the dwindling membership made this most necessary. The membership of 394,000 in 1890 has dwindled to 103,200, Comptroller Hall said.

Among the notables attending the encampment are Dr. Robert T. Hildreth of Marion, Ohio, father of Senator Charles, Republican presidential nominee; former Congressman Washington Gardner of Alton, Mich., a former commander in chief; former Governor Joseph W. Flifer of Illinois and Lieutenant Governor P. A. Barrows of Nebraska.

"The Old Guard of Ohio," its members ranging from 75 to 90 years of age, attracted considerable attention last night, as with Springfield rifles, shouldered according to the manual of arms of the Sixties, it marched to its headquarters.

The veterans' headquarters drum corps of Allentown also was the subject of much attention.

The services at the home will be public and friends of Mr. York are invited to attend. The services in Greenlawn cemetery will be private. Burial will be in the Mausoleum.

## Crooks Owned Speed Boat

TOLEDO, O., September 21—Detec-

tives returning here today from At-

lanta, Ga., disclosed that the fifty-mile an hour speed boat Emma, which won the ten-mile handicap at the Allgemeine regatta Labor Day, was owned by three crooks with whom police clashed in an apartment house here a week ago. Investigation revealed that Arctic Thompson, who was killed, Cowley Hill, who was shot seriously, and Joseph Forrest, who is a police captive, spent the summer at the Michigan resort accompanied by a trio of fashionably dressed women. They mingled with the elite, spent money extravagantly and masqueraded as successful business men. Detectives have recovered three automobiles and a quantity of loot from recent bank robberies.
